

KALAMA TELEPHONE COMPANY

For Commission's Receipt Stamp

SCHEDULE NO. 6

WASHINGTON TELEPHONE ASSISTANCE PROGRAM

Kalama Telephone Company (the "Company") participates in the Washington Telephone Assistance Program established by Chapter 229, Washington Laws of 1987, as amended by Chapter 170, Washington Laws of 1990, and as further amended by Chapter 249, Washington Laws of 1993, (T) and Chapter 480-122 of the Washington Administrative Code, as amended, offers to eligible subscribers the Washington Telephone Assistance Program service described therein, and applies to all switched access lines within its exchange areas the excise tax described therein. To the extent applicable, Chapter 229, Washington Laws of 1987, as (C) amended by Chapter 170, Washington Laws of 1990, and as further (C) amended by Chapter 249, Washington Laws of 1993, and Chapter 480-122 (C) of the Washington Administrative Code, as amended, are by this referenced thereto incorporated herein as though fully set forth herein, and copies thereof are on file and available for inspection in the Company's business office(s). (T)

Subscribers eligible to participate in the Washington Telephone (C) Assistance Program may also be eligible for the Lifeline local service offering ("Lifeline service") and Link Up program under the Federal Communications Commission's Report and Order (FCC 97-157) in CC Docket No. 96-45 and Subpart E of Part 54 of Title 47, Code of Federal Regulations. Within the service area(s) for which the Company is designated as an "eligible telecommunications carrier" in accordance with Subpart C of Part 54 of Title 47, Code of Federal Regulations, the Company offers to "qualifying low-income consumers," as defined in Subpart E of Part 54 of Title 47, Code of Federal Regulations, "Lifeline" and "Link Up", each as defined in the said Subpart E; provided, however, that the Company's offering of Lifeline service includes "toll limitation" only in the form of "toll blocking" (and not "toll control"), as those terms are defined in the said Subpart E. "Toll blocking", as so defined, is available with respect to Company-provided Lifeline service at no Company charge to the Company's subscriber to such Lifeline service.

On the issue date of this tariff sheet, as set forth below, "toll blocking" is defined in § 54.400 of Subpart E of Part 54 of Title 47, Code of Federal Regulations, as "a service provided by carriers that lets consumers elect not to allow the completion of outgoing toll calls from their telecommunications channel." "Toll blocking" does not necessarily result in the blocking of collect calls to the subscriber's telephone line or the blocking of calls billed from another location to the subscriber's telephone line. (C)
